

## Arbeitsgemeinschaft Gruppenanalyse mit Kindern und Jugendlichen e. V.

Re.: Call for contributions

### International Workshop on Group Analysis with Children and Adolescents

#### *Living up to diversity*

Dear all,

Despite the raging of the corona virus pandemic in all continents of this globe, we are confident that the international workshop "group analysis with children and adolescents" will take place from **Friday, 10 September, to Sunday, 12 September 2021**, at the Jugendgästehaus Hauptbahnhof (Lehrter Straße 68, 10557 **Berlin**). However, should we be proven wrong we are prepared to host the workshop online!

As mentioned in our previous communication an understanding for group analytical processes has shown to be highly effective when working with groups of children and adolescents within therapeutic and pedagogic fields. One of the aims of this conference will be to gather and evaluate experiences in this work on an international level.

At this point we would like to invite you to submit to the organizing team any contributions you would like to offer to this meeting. For example:

- participation in a panel discussion,
- case study of an actual analytic group in process,
- video sequences of group sessions,
- sharing experience in working with parents,
- sharing experience in working with professionals attending to children and adolescents.

Please submit your suggestions to the following email address by end of January 2021: [furi@khabirpour.de](mailto:furi@khabirpour.de)  
the team will then finalize the program and send you the application link by March 2021.

Yours,  
Franziska, Katrin, Matthias, Thomas, Kadir, Robert, Furi
